

BLACK ONYX

Comedy showgroups may come and go, but Black Onyx have dominated this section of the entertainment scene for many years.

Being one of the very few groups of there kind to still retain the original line up, the chemistry between these three talented guys ensures that every performance is as electrifying as the last and guarantees the kind of ovation that has kept them constantly at the top.

Since forming Black Onyx have worked tirelessly to perfect their trade via the network of summer season and cabaret venues.

They have become known to millions of theatre –goers as Bill toppers in the country’s major holiday resorts and cities.

They also starred in the first ever summer revue to be staged at what was then Britain’s top night spot “Blazers” at Royal Windsor.

The natural progression to TV followed with guest spots on all the top light entertainment programmes, culminating with their own highly acclaimed networked TV special for Yorkshire Television.

It is apparent as soon as Black Onyx take the stage that they enjoy their work, immensely, largely due to the fact that they are good friends both on and off stage.

The breathtaking speed at which the act is performed is quite spectacular. They manage to fit in everything from hilarious impressions to barbershop harmony, superb musical content and many now famous pieces that have become their trademark, including the Pache dance and the Candle routine.

Throw in tributes to the 70,s, Ozzie Osbourne, Shirley Bassey, Freddie Mercury, Tina Turner, Meatloaf, Little Britain, and a show stopping take off of Riverdance and you have all the ingredients of a never to be forgotten night out. Is it any wonder they were honoured with the award for Comedy Act of the Year an amazing 6 times.

Truly a TRIBUTE to Entertainment !!!!!
